What's happening in Group 1/2M

We were very excited to receive some special presents on Monday. Dane Klower's grandmother sent in three toy bees and some great bee rubbers for our class. Thank you so much. We love them.

In Writing we are learning about Persuasive Text and writing convincing arguments.

The Gymnastic teachers are very impressed with the children's strength and improved skills.

What's happening in Group 3H

Year 3 have been working really well in class and have been working towards earning a special class reward.

Students have been doing an excellent job writing recounts in class. It is good to see everyone improving and trying hard. The class has also achieved great results in a unit on Whole Number.

Keep up the good work Year 3!

What's happening in Group 4M

Recently our class has been showing their true talents in making an assortment of origami items, including flowers and hats.

Keep up your home reading and remember to return any permission notes and canteen surveys.

What's happening in the Library

Our 'old book' sale last Friday was a great success. More books are available again this week with many extra titles included.

The sale will take place again this Friday during Move and Groove.

..... 20c per book with a limit of 5 books per child.

*What's happening in Group 4/5L*

We have started a unit of work on Mass in Mathematics. Students worked really well on Time and there were some very pleasing results on the topic test. Well done.

For Drama, students have started creating their roles for an interview they will script and document using a powerpoint presentation.

For the next few weeks in Science we will be investigating the changing Earth.

Remember to bring in your homework on Friday and to read each night. Most students do this and it is great to see.

What's happening in Group 6C

Year 6 have finally finished their picture books and we hope to be able to read them to lower primary very soon. Year 6 have worked very hard and produced some fantastic work.

In Library we have started our major research project on a natural disaster and in the Computer Lab on Friday Year 6 found some vital information on the internet.

PBS

Our school focus for this week is '*Dismissal After School*'.

Children need to be responsible by -

- : waiting for directions to leave
- : walking to the area they need to go
- : following school rules

They need to be safe by-

- : walking bikes and scooters to the gate
- : using the correct exits
- : using crossings
- : walking straight home
- : staying out of car parks
- : waiting on the seats at the designated area for buses and parents

They can be respectful by -

- : keeping to the left when walking on the footpath
- : being courteous at all times.

We would be grateful if parents would reinforce these ideas with their children.
