What's happening in Group 3H

Students in Year 3 have been getting very good at solving addition algorithms using trading. In Technology we have been looking at the history of bicycles and how they're made.

It is important that students remember to hand in their homework this Friday, even though Mrs Hansen will be away.

What's happening in Group 4M

What's happening in Group 4/5L

The students' scripts for their news reports are developing well. All students are contributing to their groups and this shows in the quality of their reports.

Students who are running for leadership selection should be nearly ready with their speeches for next week's assembly.

For an Art activity students have been asked to supply some sandpaper to sand a piece of pine and also some coloured string (wool, thick cotton) for their project, as I only have a limited supply.

Continue your nightly reading and keep a record in your reading log.

Class of the Week

Congratulations Kindergarten

Canteen Vouchers

Congratulations to

Charli-rose Ellis and Madisan Riley

Our book sale is on again this Friday during Move and Groove. Lots of different books are available and they are a bargain at only 20c each.

What's happening in Group 6C

I am happy to be back at school again.

Just a reminder that enrolment forms for high school next year must be returned to school **by this Friday 5th November**. Failure to do so might delay your enrolment process for Year 7 2011.

FOUND

A grey coloured AC Adaptor was found on the road outside of our school.

If you think it may be yours, it is at the office.

P and C News

Canteen News

Please remember canteen prices have changed. If you missed the new canteen menu in last week's newsletter, please pick one up from either the office or canteen.

There was a small mistake on last week's menu—

Chicken Goujons now costing :

\$2.50 with sauce for 6 or \$1.80 for 3.

Lasagne is still on special until sold out:

Now \$2.50 instead of \$3.00.

Saly Coly

The donations for our sponsor child have dropped off and we are a bit short of her sponsor money. Please, if you can help, drop off a donation into one of the collection tins located in either the office or at the canteen.

Remember Saly sponsorship of \$42 per month does not only help her with her education and health needs, but helps her whole community. Sponsoring a child makes sure her community receives help with water filtration as well as health programs.

P & C Meeting

Our next and last P & C meeting for the year takes place on Wednesday 24th November in the school staff room at 6pm. As it is our last meeting for the year could you please bring a plate along, as we will have a small supper after the meeting. Hope to see you there.

Disco

A big thank you to all the parents and Mrs Manning who helped at last week's disco. We could not hold one without their assistance. It was great to see all the children having a great time—they all seemed to really enjoy the Halloween theme with many children putting a lot of effort into their costumes.
