

Every student matters. Every moment counts.

Newsletter Term 4 Week 4

## GRANDPARENTS DAY

We would like to thank all our grandparents, carers and visitors that attended the school on Friday 20th October, our students enjoyed showing their classrooms and the work they have been doing over the year. Our Book Fair was also a great success. Scholastic Australia offered a free book to the school with every book purchased at the fair, so a BIG thank you to those who supported us on the day and purchased books.

## SAVE THE DATE

### End of Year Presentation

This term we will be holding our end of year presentation on

**Wednesday 13th December at 10.00am.**

We would love for all our parents and carers to join students, staff and invited guests on this special occasion. P & C will be cooking a BBQ to be held afterwards.

## PARENT SURVEY

Enclosed in your newsletter today is a parent survey. We would appreciate if parents/carers would take the time to complete the survey and return to the school by Friday 17th November. Your completed survey can be dropped in at the office. Your responses are anonymous but will assist us to gather information in the area of health and wellbeing.

## SCHOOL PLAN 2018—2020

We have also enclosed a copy of Goulburn South School Plan 2018-2020. This plan forms the basis for the school's improvement and development efforts for the next 3 years. A comprehensive process was undertaken across the school to review current practices and collect evidence, including student results, attendance, behaviour. This data was used to share ideas and identify the priorities for our 2018—2020 School Plan.

K-2M loved having their grandparents come visit them. They were able to present their visitors with cake and a lovely poem they had created earlier. Whilst here they showed off their artwork, reading skills and challenged them to a game.

3/4B participates in fitness and sport activities each day. We join with 4C and K-6E to practice our Fundamental Movement Skills. This term we have refined many skills including the static balance, sprint run, skip and side gallop. We learn how to properly complete the skill and then get to play a game to practice it. Everyone in 3/4B realises the importance of fitness and having an active lifestyle.

Ms Bosevski

Throughout Term 4 teaching staff are going to be preparing for 2018 by getting to know the new National Learning Progressions. As Goulburn South Public School is an Early Action for Success setting, staff will use these progressions to compliment the syllabus while also using specific software to track and monitor each student. Teachers at Goulburn South are in an excellent position for the coming changes due to expertise around individual student monitoring procedures.

### The Mad Food Science Program

On Monday 23rd October students from 4C, 3/4B and K-6E attended The Mad Food Science Program. This program is run by the Belinda and Israel Smith of The Root Cause. Belinda and Israel travel around Australia with their two children, teaching students and parents about healthy eating, empowering them to make better food choices. Students participated in some fun hands on experiments and got to taste a delicious green smoothie. They were taught 6 key messages to take home with them:

1. You have ONE body for LIFE
2. Make better food choices
3. Taste with your tongue, not your eyes
4. Eat more real food
5. Eat less processed food
6. If you eat processed food - read the ingredients first!

### IF YOUR CHILD IS SICK

When your child is sick there are a number of ways to notify the school. Firstly you can call the school on 48212759 and speak to a staff member or leave a voice message. When your child returns to school please send written advise with reason. If your child has been absent for 2 or more days it is advised to have a doctors certificate. These notes are to be handed to the class teacher on the day of their return. The school can also be notified via the skool bag app.
